The Jabra BT110 – a wireless headset that gives you the freedom you've always wanted.

The Jabra BT110 gives you all the benefits of hands-free, wireless communication, in an easy-to-use Bluetooth headset.

The lightweight, durable design is neat and functional with a one-touch control to answer/end calls and control the volume.

A contoured ear hook gives the Jabra BT110 a secure behind-the-ear fit (on either ear) and the patented Jabra MiniGel™ gives excellent sound clarity making calls more comfortable and clearer than holding the phone to your ear.

Simple and stylish, the Jabra BT110 is also convenient because it gives up to 15 hours talk time on a single AAA battery. And there's no need to worry about turning it off either – its 'power down' function automatically puts the headset into standby mode between calls, maximising battery life.

Jabra BT110 – the simple things in life are best.

1 **Contoured ear hook**
For secure, comfortable behind-the-ear fit that can be worn on either ear

2 **Jabra MiniGel™**
MiniGel for comfortable listening

3 **Yellow LED**
Indicates connection to your phone or 'low battery'

4 **'Answer' / 'End' button**
Single button to answer and end calls

5 **Battery compartment**
Single, replaceable battery – no charging required

6 **Single battery**
Up to 15 hours talk time on a single AAA battery

7 **Volume button**
One touch volume control

Power down
Turns off automatically to save battery life
